

PRESS RELEASE

**H2 EQUITY PARTNERS IS PLEASED TO ANNOUNCE ITS SEVENTH INVESTMENT BY FUND V: THE ACQUISITION OF SIDERISE - THE UK'S LEADING FIRE & ACOUSTIC INSULATION BUSINESS**

H2 Equity Partners is pleased to announce an investment in Siderise, a leading UK manufacturer of fire-safety and acoustic insulation products. The investment enables the retirement of the founder shareholder of Siderise. The management team, led by Tony James and Steve Swales, will remain as significant shareholders.

The business was founded in 1972 and is headquartered in Maesteg, Wales and generates over £25 million sales manufacturing its own products and supported by an international sales team and partners. Siderise has a strong international position in both the manufacture and supply of fire-safety and acoustic insulation materials. Siderise provides market leading products, test data & technical services that provide solutions and add value to its customers around the world. H2 will support the incumbent management team with continued investment in leading technical and testing data and to continue growth in both the UKA and in selected export markets.
